## Member Profile

Some of the 'Old Timers' may remember a newsletter feature that we called 'Member Profile'. That was where we chose a member and included a picture of their ride and gave a brief 'bio'. We'll it's back by popular demand! We'll be asking all members to fill out a member profile form and give a picture of your favorite car(s). We'll then feature your ride and maybe even you in the newsletter. First come, first served. So get those pictures ready and email them to me at tcladner@aol.com. If it's not a digital picture, just loan it to me and I'll scan and return.
